ABOUT ME

My name is Baran Buket and I recently graduated with a Bachelor's degree in Computer Engineering from Baskent University. Along my academic life, I gained solid information in various areas of computer engineering, including web development, mobil development, algorithms.. I want to improve my knowledge about i am related areas and gain different experiences The desire and feeling to always add something to myself drives me further on this path even more determinedly. I am an engineer candidate who is always ready and enthusiastic to learn new technologies. Thank you for your time and consideration.

WORK EXPERIENCE
